

Dear Speaker Forbes:

I wish to thank you and Vice-Speaker Calvo for giving the staff members from the Kosrae State Legislature who were lucky enough to attend the excellent training at the Guam Legislature, such a generous and warm welcome and especially such a valuable and worthwhile educational experience.

I would particularly like to also thank Ms. Agnes Cruz for her work in setting up and overseeing the training program as well as Mr. Patrick Perez who worked closely with us to tailor the program to meet the educational needs of the participants. I also would like to especially acknowledge Vice-Speaker Calvo for taking the time out of his busy schedule to meet with the participants and offer them encouragement.

Finally, I also wish to thank the other members of the Guam Legislature as well as their staff who in addition to spending their valuable time in assisting with the training, made the participants feel very welcome.

I believe this training has been a great success and we are very grateful to you, the members of the Legislature and your staff. I am sure that each participant has been able to take away with them a greatly enhanced skill set as well as a renewed appreciation for the spirit of public service that was so amply demonstrated by the staff and members of the Guam Legislature.

Thank you

Lyndon H. Jackson
Speaker
Kosrae State Legislature
